BURNED TO DEATH.

Woman Laboring Under a Fit o Temporary Insanity, Pours Kerosene Gil on Her Clothing and Sets it on Fire, Producing Death.

About one o'clock yesterday, a horrible ecurrence took place at No. 181 Main street On some alarm being given, it was discovered that the clothing of Mrs. A. Mayer was on fire. A gentleman who reached the place up stairs in the kitchen seized a blanket and threw it around the blazing woman, but she threw it off and ran down stairs, her clothing burning in a fierce manner. When she was secured, Dr. Hewitt arrived, and on examin-ation discovered that Mrs. Mayer was terri-bly burned from her knees to her face and head, the skin and flesh being burned almost demic, the present weather would be considered delightful.

The recent rains have performed a vast amount of good sanitary work on streets, alleys and back yards.

Some few days ago Mrs. Donovan returned with her chil-dren, three girls and a boy, by her former husband, Mr. A. Mayer, to her home in this city, and reopened the saloon at 181 Main street. Mr. Donovan did not return with her, but was expected back from St. Louis within the next three weeks. Since Mrs. Donovan's return, it seems that she had some conscien-

tious scruples as to the legality of the marriage, it having been performed by a justice faith, in which church merriages are preferred, although legal marriages by magistrates are regarded as binding in every respect. This, among other things, seemed to prey upon her mind until she became sud insane and committed the terrible deed That it was an act of temporary insanity cannot possibly admit of a doubt, the circumfamily consists of a young lady twenty years of age, and three children, one of them a boy. The unfortuate woman lingered in extreme agony until about ten o'clock last night, when death put an end to her sufferings. Her oody was a horrible sight, crisped, swollen and almost black in many places; the flesh stuck to her clothing and peeled off when the clothing was removed. An inquest was held last night and a verdict was rendered by the

jury in accordance with the above facts. EDUCATIONAL.

At the usual hour last night the school board met at the Odd-Fellows building. President W. C. Folkes in the chair. The Walsh, Duffy, Randle, Rhett, Arrington, Dent, Lawhorn, Goodman, Edgington, Carey, Ralston, Folkes, Estes. The following business was transacted: The minutes of the previous meeting were not read, the minute book being in the safe, and Secretary M'Clune announced that he had lost the combination of the safe and it ould not be opened at present.

THE SUPERINTENDENT'S REPORT. Superintendent Foute read the regular monthly report, of which the following is a synopsis: The operations of the Memphis city schools for the scholastic year of 1878-9 having been fully set forth in the superintendent's annual report, and a yellow-fever epidemic having intervened since the las meeting of the board in June, there was lit-tle to report. The death of Mrs. Emma Furush, of the Clay street colored schools, was ferred to, as was also the death of Mrs. I. . Taylor, of the Chelsea schools, both of which teachers had been connected with the city schools for many years, and who had been distinguished for both zeal and success seyond the common measure. Yesterday atternoon Detective Pryde arrested a negro man, George Williams, aged twenty years, on the charge of committing the burglary and robbery, and found about forty of the stolen pistols where Williams had secreted them. Williams is a notorious character and has been implicated in several ourglaries and robberies, but he always managed to escape punishment. When locked up in a cell at the stationhouse he concluded to tell all about the burglary, which he did, and gave such information to the authorities as lead to the discovery of much of the stolen property and the arrest of one of his confederates, a young negro named Alfred B. Brown, aged twenty years. Brown was disovered in a down town saloon by Patrolman Jackson (colored), and seeing that the officer had his eye upon him broke and ran out the back-door; but Officer Jackson followed, and,

THE LATEST

SPECIFIC FOR CONSUMPTION ! THIS all-powerful vegetable prepara-tion expels from the lungs and air pas-sages, the mucus and muco-pus produced by pulmonary inflammation, heals the irritated membranes, and renovates every organ which utilizes the breath of Life. It contains no stupefying poison, and is in all respects a healthful medi-cine. The rapidity and certainty with which it ANNIHILATES A COUGH

is astonishing. Its effects go deeper than the mere symptoms of pulmonary disease and discharges the cause from the system. Free and painless expectoration is the mode by which it relieves the lungs, chest and throat from the burdens which oppress them; thus arresting Consumption and Bronchitis in the germ before they reach the more dangerous stages. The emaciated sufferer BATTLING FOR LIFE

with the most terrible scourge of our cli-mate will find Fritsch's Prussian Cough Syrup a potent ally, and will assuredly win the fight by adhering strictly to this great medicine. The CASES NOW ON RECORD in which it has been administered with entire success as a remedy for every va-riety of malady which affects the Re-spiratory Functions, amount to more than

FIVE THOUSAND at the present date, and yet the preparation is only in the infancy of its usefulness. The great defect of all Cough
Remedies hitherto introduced is that
they are simply expulsory. Hence they
are useless; for unless the causes of the
acrid secretions which are coughed up
are removed, and the ruptured, inflamed
or maturated surfaces healed and restored to their natural tone, a cure is
impossible. Fritsch's Prussian Cough
Syrup accomplishes these objects. The
mucus and muco-pus which are the consequence of Lung Disease, are thrown off
by it, while at the same time it soothes
and invigorates the weakened tissues.

"LIFE FOR THE LUNGS." For coughs, colds, influenza, brönehial difficulties, tightness of the chest, hoarseness, sore throat, trachitis, inflammation of the lungs, difficulty of breathing, pleurisy and all disorders of a pulmonary nature, it has never been equaled.
